Amendment to the

INNIS RESIDENCE OCCUPANCY AGREEMENT 2018-2019

Effective Date: October 17, 2018

SCHEDULE 9 – CANNABIS POLICY

As of October 17, 2018, recreational cannabis is legal in Canada. In order to balance individual rights and responsibilities with those of the community as a whole, the following policies apply to the possession and consumption of cannabis in residence.

- Residents must abide by all federal and provincial laws as they relate to the possession, purchase, consumption, and production of cannabis.
  - Residents should be particularly aware that it is illegal for anyone under 19 years of age to buy, use, possess, and grow recreational cannabis. The provision of cannabis to individuals under 19 years of age is prohibited.

Additionally:

- Cannabis plants are not permitted in the residence.
- The preparation or production of cannabis and items containing cannabis is prohibited.
- The residence front desk is unable to accept deliveries of cannabis on behalf of residents.
- Residents are not permitted to store cannabis anywhere other than their bedroom.
- Selling cannabis in residence is prohibited.

Please note that:

- Medical cannabis is subject to different regulations than recreational cannabis. Students who require the use of medical cannabis must register with Accessibility Services in order for an accommodation plan to be developed.
- “Schedule 5 – Smoking Policy” applies in full to the use of cannabis in residence.
